**HARDY HERBACEOUS PLANTS,
BULBS AND DAHLIAS**

ROCK PLANTS A SPECIALTY

For several years I have made a specialty of bulbs and hardy plants, until at present I have a very large collection of novelties and the best Commercial varieties. Nurserymen and seeds-men will find here some excellent stock, true to name at reasonable prices. Where large quantities are required or for items not included in the following list, I will gladly quote special prices.

I have facilities for packing retail orders and shipping them to your customers under your tags, and make a reasonable charge for the cost of material and labor.

A discount of 5% will be allowed on orders accompanied by cash in full, 2% for cash in ten days from date of shipment. Usual credit will be extended to those giving satisfactory references.

All prices F. O. B. our shipping point.

Six of a variety will be sold at dozen rate, five at 10 rate, twenty-five at 100 rate. Special prices quoted on large orders. All orders subject to stock being unsold when received. Packing cases and barrels will be charged at cost except that Dahlias and Canna roots will be packed in wholesale orders free of charge. We guarantee all goods to be true to name, but will not be responsible for an amount greater than the purchase price.
